

What MTA Does...

The **Annual MTA Convention** is held in early autumn and brings together over 250 carrier and supplier members for education, networking, and socializing. The trade show provides members with an opportunity to discuss new technology, products, and services with allied members and can provide many members with new ideas to add value to their business. The seminars provide valuable knowledge about recent changes in the industry. The Golf Scramble is an important chance to join colleagues for a day on the links, relaxing and strengthening important business ties.

A value of MTA is to promote safety in the industry. **The Safety Committee** helps to meet that goal. The committee provides members an update on DOT changes and a forum to discuss issues of importance. The Safety Committee hosts the **Truck Driving Championship**, held each June in Billings or Helena.

MTA publishes an **Annual Directory** of all members. This resource provides members with a single, user-friendly guide to the MTA. **New members** are printed in the newsletter, providing carriers an up-to-date listing of the suppliers they rely on for their business.

MTA **represents** the trucking community by keeping a close watch on issues affecting the bottom line for trucking companies. MTA's affiliation with **American Trucking Association**, coupled with the frequent and direct communication with the Montana Congressional Delegation ensures that views of Montana's trucking industry are heard in Washington D.C.

Why Join MTA?

Get Involved!!

Be Informed:

One of the primary services of the MTA is to keep members informed about current issues in the industry. When an urgent matter arises, our weekly electronic newsletter "**ON THE HORIZON**" gets the word out to all our members. MTA's new website will be a valuable source of information for the networked company.

Be Heard:

MTA wants to hear from you on issues, concerns, or ways we can help better & move the trucking industry forward.

Montana Trucking Association has served as the voice for Montana's trucking community since 1939. Affiliated with the American Trucking Associations, MTA members are found in all sectors of the trucking industry.

Why Join ATA?

The American Trucking Association is the national advocate for the trucking industry. ATA aggressively advocates on behalf of its members before Congress, the courts, and federal regulations agencies on Capitol Hill. ATA members are the industry's leading companies dedicated to operating the safest, most responsible, and profitable companies in the business.
